Lay Time Hours:

- To have your vessel put in the water or work rack there is a 2-hour lay over time. This is our guaranteed time. If we are not busy, we will be more than happy to accommodate your request at an earlier time. Please note, hours of operation vary throughout the year. (Ex. If we close at 4pm do not call any later than 2pm).
- To have your vessel loaded onto a trailer there is a 48-hour notice. We only offer this service Monday-Thursday, no holidays. (If you need your vessel over the weekend, you can have it loaded on Thursday so it's ready for pick up whenever you are.) Please keep in mind we are located 5 minutes away from the Seabrook Bridge, which is a public launch site.
- It is not necessary to schedule to have your trailer offloaded. We will offload Monday-Thursday between other scheduled appointments unless directed otherwise by the customer.

(Please note: When scheduling your vessel, always make sure you speak with an employee in the office)

Please remember:

Raise trim tabs

Lower antennas

Lower bimini tops

Turn off navigational lights and instruments

Turn off all electrical equipment

Do not turn off battery switches (Battery switch required)

Do not leave keys in ignition – if you are finished with your vessel, put keys in “key drop”, if you will be using your vessel the next day please take your keys or hide them in your vessel.

Provide “4” dock lines and “2” fenders for your vessel

Do not dock in the launching and retrieving area

When ordering supplies, please sign your ticket in the office upon arrival

Do not drive on grass

Notify the office personnel if you cancel your launching request

Do not remove drain plugs

If you have someone coming to work on your vessel, please notify office and let your contractor know to check in and out with the office

All requests, such as appointments and moves, must be submitted through the office
